Attorney Docket No. 1506-1005-1

PATENTS

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In re application of

Henri HANSSON et al.

Confirmation No. 3275

Serial No.10/002,527

Group 1651

Filed October 25, 2001

Attention Office of
Petition

METHOD FOR THE PREDICTION
OF STARCH DIGESTION

**PETITION UNDER 37 CFR §1.181
TO WITHDRAW THE HOLDING OF ABANDONMENT**

Mail Stop PETITION
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

November 21, 2003

Sir:

Withdrawal of the holding of abandonment in the above-identified application pursuant to 37 CFR §1.181 and section 711.03(c) of the Manual of Patent Examining Procedure is respectfully requested for the following reasons:

The present application was filed in the United States Patent and Trademark Office (USPTO) on October 25, 2001 by the law firm of McCutchen, Doyle, Brown & Enersen. The executed declaration was filed on February 21, 2002 in response to the Notice to File Missing Parts.

On August 2, 2002 applicants filed a Revocation and Power of Attorney appointing the attorneys of the law firm of Young & Thompson. See the accompanying copy of such

revocation, as well as the postcard receipt evidencing such filing.

Thereafter, on December 20, 2002, an assignment was filed in the USPTO, which was duly recorded as indicated in the Notice of Recordation mailed on April 25, 2003.

A recent search on the Patent Application Information Retrieval (PAIR) system of the USPTO revealed that the above-captioned application was considered abandoned for failure to respond to a non-final rejection mailed on February 26, 2003.

The undersigned registered patent attorney hereby states that no Official Action has been received from the USPTO after the filing of the above-mentioned Revocation and Power of Attorney. The undersigned also attests to the fact that a search of the file jacket and docket records confirms that no other USPTO communication has been received since the Notice of Recordation.

Petitioner submits herewith as Exhibit A, a copy of the docket record where the non-received Office Action would have been entered had it been received and docketed. In addition, Petitioner also submits as Exhibit B, a copy of the file jacket of the above-captioned application, which clearly reveals that no additional entry has been made thereon, following the forwarding of the recorded assignment to the client.

In view of the above remarks, and the accompanying exhibits, it is respectfully submitted that Petitioner never received any non-final rejection in this application, and it is strongly suspected that the same may have been erroneously forwarded to the attorneys of the first law firm, whose power had been previously revoked.

Accordingly, it is respectfully requested that:

- 1) The Revocation and Power of Attorney of August 2, 2002 be made of record such that all future correspondence is properly directed to Young & Thompson, customer No.:00466;
- 2) The holding of abandonment for failure to respond to the Office Action of February 26, 2003 be withdrawn;
- 3) Applicants be provided with a complete copy of the February 26, 2003 Office Action; and
- 4) The period for responding to this Office Action be restarted.

Respectfully submitted,

YOUNG & THOMPSON

By

Benoît Castel
